

Insight Client Account Number	11185556
Statement of Work #	4010077137

Statement of Work
("SOW")

Parties and addresses for notice:

"Insight"	"Client" of "ScienceLogic"
Company name: Insight Direct USA, Inc.	Company name: ScienceLogic, Inc-
Primary contact: Stefani Caldwell	Primary contact: David Repczynski and Eric Derosé
Address: 2701 E. Insight Way Chandler, AZ 85286	Address: 11955 Democracy Drive - 13 Reston, VA 20190
Phone number: 952.279.4194	Phone number:
Email: stefani.caldwell@insight.com	Email:

Client Invoicing and PO Information:

The Client must complete the Client Invoicing and PO Information sections below before this SOW can be processed.

Invoicing Method (Client MUST select ONE option below.)	PO Information (Client MUST select ONE option below.)
☐ Mail Invoice – Hard copy of invoice will be mailed to: Company name: Address: Attention: Accounts Payable or Accounts Payable Contact: Phone:	☐ Client issues system-generated POs or internal reference numbers for service engagements. Please fill in the PO number below and attach a hard copy of the PO to this signed SOW. Note: Services cannot be performed until a copy of the PO is received. To avoid delays, please provide a copy of the PO at the time of execution. PO number: PO release number (if applicable): Internal billing reference number/name:
☒ Email invoice – Invoice copy will be sent electronically via email to: payables@sciencelogic.com	☐ Client does NOT issue system generated POs for service engagements. Billing reference, if required by Client: v3.0-4010077137-NA SOW-Sciencelogic-017 to 018
☐ Submit invoice via VMS/Client Portal – Please provide name of VMS/Portal as well as any relevant details/instructions:	Accordingly, performance of and payment for any Services under this SOW do not require, and are not contingent upon, the issuance of any PO or other similar document.

Agreed and accepted:

Insight	Client

Date: Sep 30, 2023	Date: Sep 29, 2023

This SOW is effective as of the date last signed above ("SOW Effective Date"). Client's purchase, receipt, and use of the Services defined herein are subject to: (a) the written agreement for Services executed between Insight and the Client ("Master Agreement"), or (b) if the parties do not have a Master Agreement in place for the Services, the Terms of Sale for Services located at https://www.insight.com/en_US/help/terms-of-sale-products-and-services.html, subject to Exhibit A to this SOW ("Supplemental Terms Addendum"), and the Mutual Non-Disclosure Agreement dated February 25, 2021 ("MNDAs"), (collectively, the "Agreement"). Capitalized terms used but not defined in this SOW will have the meaning given in the Agreement.

1. Purpose

The purpose of this SOW is to set forth the specific Services that Insight will provide to Client in connection with the Agreement.

2. Definitions

- a. "Deliverables" means the items created by Insight in connection with the Services and as specifically described in the Scope of Services and Delivery Schedule Section below.
- b. "Services" has the meaning given to it in the Scope of Services and Delivery Schedule Section.

3. Scope of Services and Delivery Schedule

Insight will perform the following services ("Services") per the terms of this SOW.

3.1. Service Description

The Consulting Services as outlined in the Exhibit(s) of this SOW.

3.1.1. Location

Performance of the Services will be remote.

3.2. Project Management

Insight will provide project management as detailed in the applicable Exhibit of this SOW.

3.3. How Services are Accepted

After Insight performs a Service or delivers a Deliverable to Client, if the Service or Deliverable does not meet the material requirements described in this SOW, then Client will provide Insight with a written explanation describing how the requirements were not met within 5 days following the date the Service or Deliverable was delivered to Client. If Client fails to provide the written explanation within this 5-day period, the Service and Deliverable will be deemed accepted by Client.

3.4. Business Hours

Services will be performed based on end-user migration windows. Approximately 70% of end user migrations will occur during nights and weekends and approximately 30% will occur during normal business hours. Normal business hours are defined as an 8-hour day, Monday through Friday, excluding designated Insight Holidays.

3.5. Client Responsibilities

Client is responsible for the following:

1. Client will provide a project contact with decision-making authority to support the scope of services described in this SOW and ensure the proper personnel are scheduled to review each completed Service or Deliverable upon notification of completion by Insight.
2. If applicable, Client will provide site contacts for each Client location. Each such contact will provide Insight with sufficient detail regarding his/her site, and will coordinate or perform required onsite work, as reasonably requested by Insight and Client IT, for the duration of the project.

3. Client will provide Insight the necessary access to its internal experts, location(s), critical systems, applications, workspace, and equipment required at each field location to complete the project. Access to Client systems will be provided to Insight via either onsite direct access or remote/VPN access. If Client cannot provide access or required resources under this SOW, then additional project duration, labor hours, travel expenses, and other costs may be incurred and due to Insight by Client.
4. Client will provide the necessary hardware, software, tools, and permits required for the successful completion of the project prior to Insight's arrival. Further, Client is responsible for all licensing requirements to be compliant per their own agreements.
5. Client is responsible for all product and material, including distribution and transport of Client-owned product and material, unless otherwise specified in writing. Product and material are defined as any items purchased, owned, and/or provided by Client (or others) that Insight is required to use for fulfillment of any Services described herein.
6. Client is responsible for providing adequate and secure onsite storage for all Client-owned product and material unless otherwise specified in writing.
7. Client will be responsible for managing and maintaining, if applicable: (a) back-up and/or data migration of existing data and Client's information unless otherwise agreed to by Insight; (b) computer system and network designs; (c) component selection as it relates to the performance of the computer system and/or the network; (d) reasonable firewalls and if appropriate encryption; (e) least-privileged-based access controls (including provisioning, de-provisioning, authentication, authorization, and accountability controls); and (f) physical, electronic, and procedural controls to ensure the confidentiality, integrity, and availability of Client's information on all applicable Client computing systems used to store or transmit Client's information, in accordance with current applicable industry standards and best practices.
8. Client and its employees, contractors, and agents will: (a) cooperate with any reasonable request of Insight, (b) provide input throughout the project and will review progress at review meetings requested by Insight; and (c) provide Insight with access to all of Client's information, documentation, and technology, necessary for Insight to perform the Services, including a list of all Client and third-party contacts necessary for Insight to do so.

3.6. Assumptions

1. If applicable, any onsite skills transfer that takes place during this project will not replace the manufacturer's formal system implementation and administration classes.
2. Outside the scope of this SOW, Insight has no obligation to mount, affix, or otherwise fasten any cable, hardware, or other product to any building or structure (inside or outside), and Insight has no obligation to run cable above, under, behind, or through any ceiling, floor, or wall of any building or structure. If such services are requested by Client, such services may be performed by Insight only to the extent permitted by applicable law and will be subject to a Change Request for additional services.
3. Each party agrees that personnel will not be asked to perform, nor volunteer to perform, engineering and/or consulting tasks that lie outside the skill sets and experience of personnel. Personnel have the right to decline a service request if the request falls outside their scope of experience and expertise.

3.7. Change Request Procedure

If either party identifies any alterations to the scope of work, specifications, or requirements in this SOW, it shall be brought to the attention of the other party's management for pre-authorization by completing and submitting a written Change Request ("CR") in a manner described in this section and signed by both parties ("Change Request Form").

Without limitation, Change Request Forms are appropriate in the following examples, as well as other situations that alter the scope of work, specifications, or requirements in this SOW:

- Changes to environment, scope, management, performance of projects (regular and special), milestones, tasks, systems, service levels
- Additional resources, scope, projects, new services, tasks
- Changes to management and control of hardware and software
- Adjustments to baselines, assets, volumes, or other areas where changeover time results in the need to adjust pricing

- Additions, deletions, and/or changes to sites where services are provided, or the nature of services provided at a site

If any such change causes an increase or decrease in the cost or time required for the performance of the Services, the price and/or delivery schedule shall be equitably adjusted and identified within the Change Request Form.

If Insight believes an operational change is required and Client does not agree to the change (or the applicable Change Request), Insight will be relieved of any related service level obligations. Any additional resources or costs expended or incurred to address the failure to make the change will be treated as an additional service.

3.8. **Project Kickoff**

A project kickoff meeting will be held to review project expectations, discuss IT infrastructure design, discover any possible problems/risks, and formulate an appropriate plan (including a firm engagement schedule and downtimes).

3.9. **Start Date**

The project start date will be mutually determined upon receipt of this signed SOW and, if applicable, a valid Purchase Order ("PO"). A minimum lead time of at least 20 business days from receipt of both documents may be required for scheduling purposes.

If Client causes any delays to the delivery start date, which was agreed upon by both parties in writing (email is acceptable), Client may incur additional fees based upon such delay, including but not limited to, travel expenses already incurred, if any, and/or other equitable relief as a remedy for such delay. The delays and charges will be defined and communicated through the Change Request process described in this SOW.

Services will be performed over a consecutive timeframe unless otherwise provided herein. If Client requests or causes a change in the schedule that prohibits Services from being delivered in a consecutive timeline, an additional lead time of 20 business days (from written confirmation to resume Services) may be required, new resources may be assigned, and there may be additional fees.

3.10. **Estimated Duration**

The Services' set forth in this SOW are estimated to begin on November 1, 2023, and will terminate 52 weeks after the official project start date.

4. **Pricing and Payments**

4.1. **Fixed Fee**

The client is obligated to pay Insight a predetermined fee per migration as specified in the table below. When fees reach or exceed \$950,000, the parties will negotiate in good faith any modifications to the pricing hereunder. Work orders will be issued based on the current pricing table below, dated September 27, 2023. For each migration, the Client must identify the migration options (see table below) and quantity.

Based on the many factors that can impact pricing, Insight reserves the right to review each service request and adjust work order pricing based on current conditions.

Migration Type	Price
Single- ISO install manual small	\$4,450.00
Single- ISO install manual medium	\$6,040.00
Single- ISO install manual large	\$9,970.00
Single- ISO install manual x-large	\$12,300.00
HA/DR (Up to 2 CDBs) - scripted small	\$4,450.00
HA/DR (Up to 2 CDBs) - Scripted Medium	\$6,040.00
HA/DR (Up to 2 CDBs) - scripted large	\$9,970.00
HA/DR (Up to 2 CDBs) - scripted x-large	\$12,300.00

HA plus DR (up to 3 CDBs) - scripted small	\$4,450.00
HA plus DR (up to 3 CDBs) - scripted medium	\$6,040.00
HA plus DR (up to 3 CDBs) - scripted large	\$9,970.00
HA plus DR (up to 3 CDBs) - scripted x-large	\$12,300.00
0-49 CUs small	\$7,370.00
50-150 CUs medium	\$11,600.00
151-250 CUs large	\$14,800.00
251-400 CUs x-large	\$18,500.00

Example scenarios

Scenario 1 – An upgrade of a single database (small) and 50-150 CUs collectors (medium): the cost for this upgrade would be \$16,050.00 (\$4,450.00 + \$11,600.00)

Scenario 2 - An upgrade of a HA+DR (up to 3 CDBs) database (x-large) and 251-450 CUs collectors (x-large): The cost for this upgrade would be \$30,800.00 (\$12,300.00 + \$18,500.00)

Scenario 3 - An upgrade of a HA/DR (up to 2 CDBs) database (large) and 0 collectors: The cost for this upgrade would be \$9,970.00 (\$9,970.00 + \$0.00)

Scenario 4 – An upgrade of 151-250 CUs collectors (large): The cost for this upgrade would be \$14,800.00 (\$0.00 + \$14,800.00)

4.1.1. Invoicing

Insight will invoice Client a monthly retainer (1st of each month) of \$32,000.00 once official project begins, which will be applied toward the work orders described specifically in section 4.1, Migration Table rendered during the month. Client understands and agrees that this monthly retainer fee will be incurred during the entire year, ending 12 months after official start of project. Any travel-related expenses and taxes incurred (if applicable) will be billed separately.

4.2. Pricing Notes

1. Retainer of \$32,000.00 is estimated. If actual services rendered, based on the work orders described in section 4.1 Migration Table is more than estimated, Client will be invoiced for the difference. Travel expenses and taxes, if any, are not covered and will be billed as incurred.
2. Pricing offer is valid for 30 days from the date a copy of this SOW is first presented to Client. This SOW must be executed and returned to Insight by Client within such 30-day period or pricing will expire.
3. Travel expenses will be billed at actual cost; customary expenses include, but are not limited to airfare, taxi, hotel, car rental, daily per diem rate of \$100.00, and miscellaneous transportation costs (gasoline, parking, tolls, etc.).
4. In the event that work effort is paused for a period in excess of 90 days, Insight will invoice Client for Services provided to date based on percent complete after 90 days of inactivity.
5. Pricing and estimated time to complete this engagement are based upon Client providing necessary access to internal experts, location(s), all critical systems, applications, and hardware required to complete the project. Any additional requirements, including without limitation, additional screening, background check, vaccination or covid-related requests and other out-of-scope or previously undisclosed resource-related requests may result in Service commencement or completion delays and additional fees.
6. Client acknowledges that cancellation of this engagement may cause Insight to incur non-refundable pre-approved travel expenses and other costs. Accordingly, if Client cancels this engagement, Client shall pay Insight the fees set forth below. Such cancellation shall be in writing and shall be effective when received by Insight.

Cancellation Period	Cancellation Fee
Less than 3 business days prior to start of engagement	100% of total cost of engagement OR \$12,500.00, whichever is less
Between 3 and 10 business days prior to start of engagement	10% of total cost of engagement OR \$2,500.00, whichever is less
More than 10 business days prior to start of engagement	None

7. Insight is not responsible for delays or repeated tasks caused by factors outside of Insight's control. These factors include, but are not limited to, availability of Client personnel, equipment, and facilities.
8. Client will compensate Insight for any out-of-scope work requested by Client. A formal Change Request with associated pricing will be submitted for approval in accordance with the Change Request Procedure documented above prior to any work proceeding on out-of-scope work.

4.3. **Client Work Product**

All results of the Services described in and delivered pursuant to this SOW, including Deliverables and Client's proprietary information contained therein, authored or created by Insight specifically for Client as a Work Made for Hire, excluding any Insight IP incorporated therein ("Work Product"), will be and remain the property of Client. Insight retains all right, title, and interest in, without limitation, any intellectual property rights in works of authorship, know-how, or any invention, device, process, method, development, design, specifications, technique, apparatus, reports, schematic, or technical information (whether patentable or not), documentation, software or enhancements, improvements, alterations, interfaces, workflows, and best practices developed, invented, created, or reduced to practice by Insight and used for the Services, including any derivatives or modifications ("Insight IP"). To the extent Work Product includes any works of authorship that are Insight IP, Insight grants Client a nonexclusive and non-transferable license to use each such portion of the Work Product for its internal business purposes, provided that no Insight IP may be unbundled or separated from the Work Product or used on a stand-alone basis.

5. Exhibit – Project Management

Insight will provide the following project management and technical direction:

Project Manager

- Serve as the primary point of contact on all project issues, needs, and concerns
- Provide team leadership and guidance
- Facilitate kickoff meeting to review scope and project expectations, discuss IT infrastructure design, assess Client readiness (hardware, software, infrastructure pre-requisites, etc.), discover any possible problems/risks, formulate an appropriate work breakdown structure for primary project tasks, and create project timeline/schedule (including potential downtimes and maintenance windows)
- In conjunction with Client, measure and communicate weekly progress against mutually agreed-upon milestones
- Maintain a project log proactively to identify and communicate key decisions made, action items to be completed, risks/issues that may impact scope, schedule, and lessons learned; and mitigate and/or escalate any critical risks or issues under Insight's control, as needed
- Manage Client expectations and satisfaction throughout the life of the project
- Schedule and coordinate the necessary resources to support the project
- Schedule and conduct project team update/status meetings
- Prepare written status reports for Client at mutually agreed-upon intervals
- Monitor, manage, and communicate changes to the project's scope, budget, schedule, and resources; complete CR documentation as required; and obtain signed CRs for mutually agreed upon changes
- Facilitate closeout meeting, as needed

5.1. Project Contacts

Contact Name	Contact Email
Client Sponsor – David Repczynski and Eric Derosé	david.repczynski@sciencelogic.com and eric.derosé@sciencelogic.com
Client Executive – Stefani Caldwell	stefani.caldwell@insight.com
Services Manager – Aaron Newcomb	aaron.newcomb@insight.com
Technical Manager – Todd Albano	todd.albano@insight.com

6. Exhibit – OL7 to OL8

6.1. Service Description

The following is a high-level description of the Services Insight will provide:

Insight is recommending a planning and migration service to facilitate upgrades from Oracle Linux 7(OL7) to Oracle Linux 8(OL8) OS migration for both database servers (CDB) and ScienceLogic collectors.

6.2. Scope and Approach

Insight will perform the following Services:

Planning

- Scheduling and planning with end user using scripts for both collector and DB upgrade, which will be provided by ScienceLogic

OL7 to OL8 Migration DB

- Perform migration execution of single CDB
- Perform migration execution of HA/DR CDB (up to 2 CDBs)
- Perform migration execution of HA + DR CDB (up to 3 CDBs)
- Provide project management

OL7 to OL8 Migration collectors

- Perform migration execution of collectors with the script provided by ScienceLogic
- Redeploy of collectors if the script fails
- Provide project management

6.3. Out of Scope

1. The following are considered out-of-scope and are not part of the Services:
 - a. Electrical or cabling services
 - b. Formal user training
2. Services and Deliverable items not expressly described in the Scope and Approach section are considered to be out of scope. Any out-of-scope items must be pre-authorized and verified by Insight in writing through the Change Request Form process.

6.4. Deliverables

Deliverables, if any, will be agreed upon by both parties in writing.

6.5. Offering-Specific Client Responsibilities

1. ScienceLogic is responsible for providing Insight with the Runbooks and Scripts.
2. ScienceLogic will ensure that there is on-call support directly for Insight if there is any ScienceLogic application troubleshooting issues.
3. ScienceLogic is responsible for application performance after the upgrade.
4. ScienceLogic will provide a Proof of Concept of the environment for scripts to be tested and coached.
5. ScienceLogic to provide a post-verification checklist (script).

6.6. Offering-Specific Assumptions

1. Insight is not responsible for application performance after the upgrade.
2. Prechecks must be run prior to the migration.

3. Re-baseline of pricing plus or minus after completing three instances of each migration type (Single CDB, HA CDBs, etc.).
4. 2 weeks' notice of the scheduled date for migration.
5. End user verification of upgrade and end user testing.
6. The end user is responsible for the SL1 12.1.1+ application upgrade with assistance from Insight.(locked to 12.1.1+ release line)
7. End user has at least 2 collectors in a collection group.
8. If the end user has customized any powerpacks, Insight is not responsible for the customization after the upgrade.
9. Insight has the ability to run up to 3 teams at a time.

6.7. **Technical Prerequisites**

The following technical prerequisites must be met prior to or during implementation to successfully complete the project:

Prerequisite	Area	Client Resource
Client to provide the following:	POC environment for Insight to test Client scripts and runbooks	TBD
Client to provide the following:	Upgrade scripts for both database servers and collectors	TBD

Exhibit A

Supplemental Terms Addendum

A.1. Each Party affirms that it is subject to the MDNA. The Parties agree that for the purposes of this SOW, the following categories shall be considered at all times to be Confidential Information under the MNDA: source code, unpublished API specifications, and all non-public information regarding ScienceLogic's customers. In addition, the Parties agree that, notwithstanding Section 2 of the MDNA, Insight's obligations with respect to Confidential Information received or obtained by Insight in performance of Services under the SOW will survive indefinitely following completion of the Services and following any expiration or termination of the Agreement and/or SOW.

A.2. The Parties agree that the following language regarding indemnification shall apply to this SOW:

"1. Indemnification.

1.1. General. Each Party will indemnify, defend and hold harmless the other Party, its officers, directors, employees, agents and Affiliates from and against any claims, demands, loss, damage or expense, including reasonable attorney's fees, (collectively, "Claims") relating to bodily injury or death of any person or damage to tangible personal property occurring in connection with the performance of the Services to the extent proximately caused by the negligence or willful acts or omissions of the Indemnifying Party, its officers, directors, employees, agents and Affiliates.

1.2. Infringement. Insight will indemnify and defend Client, its officers, directors, employees, agents and Affiliates from and against any third-party Claims that any Work Product, as defined under this Agreement, infringes any U.S. patent, copyright, trademark, or misappropriates a trade secret. Insight will pay all damages, costs, and expenses finally awarded to third parties against Client in such action or agreed to in settlement. This Section 8.2 states Client's sole and exclusive remedy and Insight's entire liability and obligation for third party Claims against Client for infringement or misappropriation.

1.2.1. If Client's use of Work Product delivered under this Agreement is, or is likely to be, enjoined due to a third-party Claim of infringement or misappropriation, Insight will, at its expense, (i) procure for Client the right to continue using the Work Product, or (ii) replace or modify the Work Product to make it non-infringing. If neither of the foregoing alternatives is commercially reasonable, Insight shall refund any fees paid for the infringing Work Product.

1.2.2. Notwithstanding the foregoing, Insight will not be liable for any such Claim if (i) the Work Product was created in accordance with Client's sole design or specifications, (ii) Client continues using the Work Product after receiving notice from Insight to discontinue use, (iii) Client altered the Work Product, or (iv) Client used the Work Product in combination with any other product, program or data not authorized by Insight or its agent, and such infringement claim would not have occurred absent such combination.

1.3. Procedures. In the event that any Claim is made against a Party or other entity entitled to indemnity under this Section (an "Indemnified Party"), the Indemnified Party shall: (i) give prompt written notice of such Claim to the Party that has an indemnity obligation under this Section (the "Indemnifying Party"); (ii) cooperate fully with the Indemnifying Party, at the Indemnifying Party's expense, in investigating and defending the Claim; and (iii) allow the Indemnifying Party full authority to defend or settle the Claim. Notwithstanding the foregoing, the Indemnifying Party may not settle a Claim without the Indemnified Party's prior written consent if the proposed settlement modifies the Indemnified Party's intellectual property rights or imposes any admission of wrongdoing or liability on behalf of the Indemnified Party."

A.3. In Section 10 of the Terms of Sale (Limitation of Liability), the following language shall be added as the new first clause of the second paragraph:

"WITH THE EXCEPTION OF (I) CLAIMS RELATED TO BREACH OF CONFIDENTIALITY UNDER THE MNDA AND (II) ANY OBLIGATIONS RELATED TO INDEMNIFICATION," and the rest of that paragraph shall remain unchanged and in full force and effect.

A.4. Section 14 of the Terms of Sale (Assignment) shall be amended as follows:

(i) The first sentence shall be deleted and replaced with the following:

"Neither Party may assign any of its rights or delegate any of its obligations under the Agreement without the prior written consent of the other party, except that a party may, as permitted by applicable law, assign its rights and obligations to a successor pursuant to a merger, acquisition, reorganization or assignment of substantially all of its assets, provided that the assignee agrees in writing to assume the assignor's obligations hereunder, and provided that the assignor notifies the non-assigning party promptly upon occurrence of the assignment."

A.5. The Parties agree that the following language regarding export shall apply to this SOW:

"Processes and technical data of United States origin, as well as Work Product or other deliverables (collectively, "Regulated Materials") may be subject to export control laws and regulations, including but not limited to the U.S. Export Administration Regulations and International Traffic in Arms Regulations. The Parties shall comply fully with all applicable federal laws, regulations and rules, and complete all required undertakings (including obtaining any necessary export license or other governmental approval) prior to exporting, re-exporting or releasing any Regulated Materials. Each Party agrees that it shall not, and shall not permit any third parties to, directly or indirectly export, re-export or release any Regulated Materials to any destination, company or person to whom the export, re-export or release of such Regulated Materials is restricted or prohibited by United States export controls. Each Party agrees to indemnify the other Party for any claims, losses, costs, liability and charges, including reasonable legal fees, incurred by the indemnified party as a result of the indemnifying party's breach of this provision.

A.6. The Parties agree that, for purposes of Section 4.3 of the SOW, all documentation or other works of authorship created as a deliverable in the course of the Services will be considered a Work Made for Hire. Insight will not incorporate any Insight IP within any such materials without Client's prior written consent in each instance.
